Subject: Phase 3 sampling

Hello Joyce,

Would you be all right with Phase 3 confirmation sampling being completed on Monday, March 12th? It was presented to me this morning that a decision was made that Phase 3 sampling must be completed by Friday the 9th, or Saturday the 11th. If we sample on Saturday, it would be the same as sampling on Monday given samples collected on Saturday will be shipped by courier on Monday since the lab is closed over the weekend. Given that field staff already have previous commitments Friday and Saturday, it would be ideal to sample Monday instead.

Again, looking forward to chatting and thanks for being so understanding.

Cheers,

Jackie Rowley
